

INTEGRATED MANAGEMENT POLICY

At SIMEX-SOINCO-PLASTINOVO we seek to achieve our MEGA by committing to the fulfillment of our MISSION and being guided by our core VALUES.

Our commitment is to ensure:

- Sustainable growth of the organization
- Quality of processes and products
- Customer satisfaction
- Protection of the safety and health of workers and other stakeholders by providing safe and healthy working conditions, eliminating hazards, and reducing risks.
- Environmental protection, including the sustainable use of natural resources, climate change mitigation and adaptation, biodiversity protection, and pollution prevention.
- Participation and consultation of workers and their representatives on occupational health and safety matters.
- Compliance with current national regulations applicable to the company in its various areas of operation (quality, occupational health and safety, labor, environmental management, commercial, and financial).

To promote an organizational culture based on:

- Order, self-discipline, self-care, and mutual care
- The well-being and development of human talent
- The prevention and control of environmental risks, occupational health and safety hazards, and other process risks
- Knowledge management
- The continuous improvement of management and the organization's overall performance through the efficient and sustainable use of resources
